

### Subject: French Year 8 Term 1

Overarching Topic: Les sorties			
<p>Why is this topic being studied at this time?</p> <p>How does it fit into the wider subject curriculum?</p>	<p>After a year of French Y8 pupils have the building blocks to start to progress further as independent language learners, who can tackle slightly trickier grammar. This will unlock their ability to communicate better and describe their own lives more. We teach them a topic they are passionate about: food! Students enjoy talking about food and drink because it is something they can relate to. The topic also yields plenty of opportunities to explore the culture of French-speaking countries – cuisine often speaks to a person’s culture and heritage. We look at traditional cuisine in different parts of the French-speaking world.</p> <p>In the first term, students routinely use longer sequences of language, developing their ability to narrate events, using an increasing range of adjectives and give opinions potentially in a range of tenses. Being able to build on the basic description they have already learnt by expressing and justifying opinion is a key skill which they will continue to develop throughout their language learning experience.</p>
